

Groundbreaking *Electric* Press Brakes and Shears!

**Fast, Productive,
and Half
the Energy!**

New technology that cuts costs. The new Boschert Gizelis servo electric line: Electro Bend® and first-of-its-kind Electro Cut®. Increased ram/cut speeds reduce cycle times. 50% less energy consumed when compared to hydraulic models. Zero hydraulic fluid—no sourcing, filtering, disposal, or service costs. Shear capacities of 4-6 mm steel. Bend capacities of 60, 80 and 100 tons.
