

Boschert-Gizelis Makes Lean Brake Strategies Easy

**BG Soft
Delivers Exact
Designs Fast**

Boschert-Gizelis with BG Soft maximizes press brake efficiency with near perfect accuracy.

BG Soft, the manufacturer's proprietary 3D simulation software, programs your press brake offline and generates a true unfolded blank based on exact bending parameters. Simulate the bends, sequence and tools. Eliminate collisions. Produce what you truly design. Boschert-Gizelis with BG Soft delivers your exact design.

Pre-plan success with BG Soft from Boschert-Gizelis.
