

PBT: Perfect For Windows

Gladwin & Boschert USA partner for perfect bends

Precision Window Engineering

PBT offers limitless architectural imagination when applied to aluminum and steel window elements. With Swiss-quality and engineering honed over 25 years of manufacturing experience, PBT promises speed, precision and repeatability with every bend. And with a range of control systems – from manual to tablet to PC, PBT machines combine an intuitive user interface with powerful programming capabilities.

Bend your window frames to perfection with PBT machines!
