

Curves

Won't Slow You Down

Picot Plate Roller Will Let You Hug Almost Any Curve

Architects are raising creativity to new heights, pushing manufacturers to produce materials that defy gravity, showcasing unexpected forms. Meet these new demands with Picot. Picot's plate roll bending machines have the power and dexterity to form plate up to 1.5 inches thick and up to 20 foot lengths, and process the newest aluminum composite materials (ACMs) and 3-dimensional parts. Let your capabilities and sales soar with Picot plate roll bending machines.
