

Stierli **MUSCLE**

Stierli-Bieger **NO WIMPY BENDS**

When you need it, Stierli horizontal bending/straightening machines will bring the power. With working capacities of 240, 360, 485 or even 725 tons, Stierli can custom build the horizontal ram machine to meet your most demanding bending or straightening needs — for steel beams, heavy sections, pipes or whatever your high-tonnage requirements might be. Combine this astonishing muscle with finger-tip precision CNC controls and the finesse of exacting stroke length, you'll see that the beauty of these Stierli benders is more than skin deep.
